BEI Construction has the engineering, electrical and implementation expertise required on energy storage construction projects (BESS) and can deliver battery-based energy storage as part of your ...

The EPIC Series Battery Cabinet is designed to maximize DC system performance and battery life, saving you time and money. This NEMA 3R modular enclosure, with built in intelligence, will safely ...

Modern commercial energy storage demands high safety, reliability, and flexibility. Our rack-mounted LiFePO4 battery cabinet delivers on all fronts. Built on standard 19" rack ...

Discover our range of rack-mounted battery systems designed for maximum efficiency and space optimization. Ideal for data centers and industrial ...

The EPIC Series Battery Cabinet is designed to maximize DC system performance and battery life, saving you time and money. This NEMA 3R modular enclosure, with built in intelligence, ...

BEI Construction has the engineering, electrical and implementation expertise required on energy storage construction projects (BESS) and can deliver battery-based energy storage as part of ...

Our versatile rack battery solutions, combined with our expertise and OEM/ODM capabilities, provide the perfect foundation for reliable, scalable, and sustainable energy storage.

We are integrators of Tier 1 battery energy storage systems. We offer fully integrated systems with in-house energy management systems (EMS) and advanced microgrid controllers.

Because we specialize in end-to-end project management, we can manage all phases of your project from initial design through construction to ensure efficiency and that your battery storage facility is ...

BEI Construction has the engineering, electrical and implementation expertise required on energy storage construction projects (BESS) and can deliver battery-based energy storage as part of your ...
