What is an IP65 enclosure?

Casters, support legs and risers. IP65 enclosures are general outdoor cabinets that provide basic waterproof protection. They are equivalent to NEMA 4 and NEMA 4X enclosures. Our enclosure designs provide high quality electrical enclosures for industrial applications that can be easily customized to meet IP65 standards at a standard-model price.

What is a NEMA rated IP65 enclosure?

Refer to the chart below for IP65 electrical enclosure specs and ratings of relative protection: Nema Enclosures manufactures quality custom and standard NEMA-rated IP65 enclosures, also referred to as IP65 cabinets or IP65 boxes.

Are IP65 rated enclosures safe?

Tested to IP65 standards ensures enclosures and cases are safe for housing sensitive electronic assemblies in harsh environments. IP65 rated boxes are available in plastic, aluminum and steel varieties. With a wide range of sizes and styles to choose from it's easy to find the perfect IP65 junction box or enclosure solution.

What does IP65 mean?

The second digit, 5, stands for watertight protection against dripping, splashing, leaking and low-pressure water jets. IP65 is a common rating for commercial and industrial enclosures that need strong basic protection. IP65 Electrical Enclosures from Polycase
